

Compact Collection

Our new collection of compact UPVC Sliding door rooms, are specifically designed for a one or two person Garden office. We have considered all the typical requirements and made them in to neat tidy packages for you to choose from. We have decided on four building sizes as standard, however as every Building is still made to order, we can customise or even tailor make your garden office so it is perfect for you and its position in your garden.

The standard pack

The standard building, comes, with the UPVC sliding doors in White, Cream or Anthracite, with timber cladding to the front and one side with a fanlight opening window and zero maintenance/ fire walls to rear and one side. The building has our security pack, toughened double glazing, insulated walls, floor and ceiling. Internally the building features, painted MDF lining, a laminate floor and is fully installed and completed by the Bakers team.

10 year Full Guarantee pack

To be able to offer our lowest maintenance building and our longest guarantee our 10 year pack adds:

zero maintenance/ fire wall to the rear and both sides, Plain Tricoya cladding to the front and trim pack, UPVC fanlight opening window and our Firestone EPDM roof and rear height option.

*Base

We are proud to offer our specially designed Steel and timber framed base. This allows us to give you a quick and tidy solution to your base requirements, plus means we can install the building on the next day

*Electrics package.

Our standard electrics package includes a 30m submain with 3kw supply, (connecting to your house), with 4 internal, down-lights on a dimmer, 4x sockets one at deck level with USB charge points, a 1.5kw, Dimplex convector heater with thermostat and digital timer, along with and up-down external light on PIR. £2034
